Transport trolleys K-series

For loads up to 24 metric tons

Sketch

Advantages in detail

- Galvanized axles and safety clip rings for improved protection against corrosion.
- Outfitted with highest quality rollers as standard.
- Reduced weight through advanced construction of load cassettes.
- All transport trolleys are ready for use: The steerable transport trolley is fitted with a ball bearing supported turntable and a handlebar (as shown in picture). The adjustable-width transport trolley consists of two transport units and connecting rod.

Transport trolleys K-series professional

For load weights up to 28 metric tons

JL 14 K

JFB 14 K

Advantages in detail

- Galvanized axles and safety clip rings for improved protection against corrosion.
- The double roller design results in dramatically easier steering due to reduced friction forces in curves. The much lower friction resistance also causes the rollers on the rear axis to follow in a truer course.
- Higher capacity at same dimension as K-series trolleys.
- All transport trolleys are ready for use: Steerable transport trolley includes ball bearing supported turntable and a handlebar, the adjustable-width transport trolley consists of two load cassettes and connecting rod.

Load weight up to

28 metric tons

Transport trolleys K-series professional

For load weights up to 12 metric tons

JTLB 6 K

JTLB 12 K

Available with:

Professional castor
JUWAthan®plus coated aluminium castor

for any floors
Order number 95 050 089-D

▶ Please refer to page 28-29 for additional roller information.

Advantages in detail

- Galvanized axles and safety clip rings for improved protection against corrosion.
- The double roller design results in dramatically easier steering due to reduced friction forces in curves. The much lower friction resistance also causes the rollers on the rear axis to following in a truer course.
- Tandem transport trolley for loads with no leading or trailing edge centre support.
- Ready for use: 2 interconnected steerable trolleys with 2 handlebars and two tandem connecting rods.
- Multi-purpose use: Also useable as two single trolleys, each with half of the combined load capacity. No additional accessories needed.

For short radius curves
