Autonomy of a CasterBooties™

Easy to Install

The Leader Strap (A) is used to pull the Wheel Cover (B) through tight spaces. If there is a flared brace insert the Leader Strap there, then pulling the Over Flap (E) up over the Under Flap (D) and attaching both the Over Flap Velcro (G) to the Under Flap Velcro (F) to secure by pressing together.

Please Note:

- CasterBooties™ will not fit on casters with wheels brakes due to the close tolerance between the wheel and lock.
- Not recommended for steel caster or dual wheels.
- With applications Over 450lbs, consult Acorn™
